with this guide to
emergency pet care,
local laws and
city animal shelter
and resources.

Pet Emergency Preparedness

If an evacuation is ordered, it is important to evacuate your pets too.

Planning and preparedness is key!

Have a Safe Place To Take Your Pets

(do your research ahead of time)

- ✓ Red Cross disaster shelters cannot accept pets
- ✓ ask a friend or family member to temporarily care for your pets
- ✓ contact hotels/motels to find a pet friendly location

Assemble a Pet Disaster Supplies Kit

- ✓ food, water, medications, leash, bowl, etc.
- ✓ pet carrier or collapsible cage
- ✓ store in an easily portable container or backpack
- ✓ consider having a vet insert an identification chip into your pet

Summer Pet Safety Tips

- ✓ keep your pet hydrated
- ✓ never leave your pet in a hot car
- ✓ monitor outside play
- ✓ learn to recognize heat stroke and how to help your pet cool down
- ✓ always contact your vet with any concerns

Halloween Pet Safety Tips

- ✓ chocolate is not good for pets – give your pet healthy treats
- ✓ watch what your pet eats – candy wrappers can get stuck in your pet's digestive system
- ✓ watch those wagging tails so as not to knock over lit candles
