

You've Got Questions?

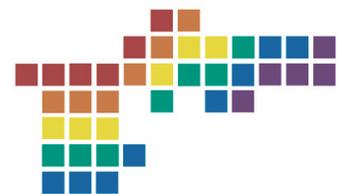

The Russian Advisory Board of the City of West Hollywood invites members of the community to its meetings, where residents can get answers to many questions they might have about civic involvement, social services that are available in the city, housing programs, events, etc. Residents or representatives of different community groups can also have an opportunity to speak regarding the issues of concern. The meetings are held once a month, every third

Tuesday at 7 pm at EOC conference room, 1st floor, West Hollywood City Hall. The board members would like to get feedback on the current needs and issues that are important to city residents and welcome you to our meetings with your questions and concerns.

For additional information or to contact the board, please call Russian Advisory Board Liaison and Russian Community Outreach Coordinator Tatiana Rodzinek 323.848.6826.
