

# Public Facilities Commission

## Outstanding Accomplishments

- The Public Facilities Commission continued to implement improvements to the Hart Park Off-Leash Dog Use Area and continued regular meetings of the Off-Leash Dog Area Committee.
- The Commission provided input and guidance on the development of the Santa Monica Boulevard Crosswalk Visibility Improvement Project Plans.
- The Commission guided the implementation of the beneficial plant interpretation signage for Havenhurst Park.
- The Commission hosted a very successful 2012 Arbor Day tree planting which took place in front of the Laurel Avenue School on the 900 Block of Hayworth Avenue.
- The Commission is working closely with Staff in the issuance of Request for Proposals for the City Wide Roof Inspection Program and Park Development Impact Fee Study.
- The Commission participated in the design of the West Hollywood City Hall Automated Garage by appointing a member to the Design Steering Committee.
- The Commission participated in the selection of public art for the West Hollywood City Hall Automated Garage component of the 25th Anniversary Capital Project by selecting a member to serve on the Art Process Team.
- The Commission worked closely with the West Hollywood City Hall Automated Garage Design Team for the design of the Community Plaza and Public Open Space Component portions of the project.
- The Commission provided guidance to Staff on the renovation of the Tiny Tot Building at West Hollywood Park and the renovation of 7362 Santa Monica Boulevard for the relocation of the Russian Library.
- The Commission visited and toured the Greystone Manor in Beverly Hills to gain insight for future discussions regarding the public process for the Laurel House and Park.
- The Commission worked with Staff on the development of the Urban Forest Management Plan's Mission and Vision Statements and additional program elements.
- Commissioners participated in various on-going Sub-Committees / Ad-Hoc Committees:
  - City Hall Community Services Center and Parking Project - AD HOC Committee
  - Greening West Hollywood - Standing Committee
  - Hart Park Off-Leash Dog Use - Standing Committee
  - Heritage Tree - Standing Committee
  - Memorial / Tribute Tree Review - Standing Committee
  - Naming Policy Guideline - Standing Committee
  - Bicycle Task Force
  - 25th Anniversary Capital Project - City Hall Parking Structure Art Process Team

## Looking Forward

- The Commission will provide guidance on the proposed improvements of the West Hollywood Park Master Plan Implementation Project as the future phases move forward.
- The Commission will be involved in the public process for the development of Laurel Avenue Park.
- The Commission will provide guidance in the preparation of an Urban Forest Management Plan for the City's public trees.
- The Commission will continue to provide guidance to Staff for future Public Facility projects.
