ADDITIONAL ITEMS FROM STEERING COMMITTEE MEMBERS

Mark Lehman:

- Don't lose parking stalls to make the dog park bigger. That parking serves the business and potentially the dog park.

Madeline Rackley:

- Would like to see an art component in the lobby on the wall above the community room.

Jake Mason:

- Don't eliminate parking for the dog park. Also, don't lose a basketball court for the dog park. The courts are in constant use.

Erik Guzman:

- Don't eliminate a basketball court for the dog park. The image of the pool is amazing.

Roy Huebner:

- Robertson Commons, need to maximize the lawn area. There is too much planting. This area needs to be flexible.

Jim Ballard:

- Dog park could take advantage of the areas on both sides of the basketball courts.
- Loves the pool area and the proposed mural. Likes the clear glass on the pool deck to take advantage of the views. A frit pattern at the guard rail height is a good idea.
- Would like to see some color added to the front elevation.

Anny Semonco:

- Very pleased with the accessible gym equipment and children's play equipment. If pavers are used, they need to be level and even for accessibility.
