EFFECTIVE DATE: MAY 30, 2008**

DEPARTMENT OF PUBLIC WORKS

Dear Community Member:

The City of West Hollywood is pleased to announce that, on May 30, 2008, the Federal Emergency Management Agency (FEMA) approved a Letter of Map Revision (LOMR) for the City of West Hollywood's Flood Insurance Rate Map. This means your property's Flood Insurance designation has been changed from Flood Zone AO (Flood Insurance mandatory) to **Flood Zone X (Flood Insurance is not mandatory)**. Generally your mortgage company required Flood Hazard Insurance on top of your regular homeowner's insurance policy. FEMA's revision to your property's flood zone designation could lower the amount you pay for homeowner's insurance, since the Flood Hazard Insurance is no longer mandatory.

A map is provided below showing the boundaries of the area now re-designated as Flood Zone X. The City of West Hollywood urges you to contact your mortgage company and insurance company to determine if you will be eligible to lower your insurance premium.
