Program Implementation Status

Program Description (By Housing Element Program Names)	Housing Programs Progress Report - Government Code Section 65583. Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.		
Name of Program	Objective	Timeframe in H.E.	Status of Program Implementation
HE1 - Incentives for Rehabilitation	Design a multi-family housing rehabilitation program that incorporates technical assistance for landlords, seismic retrofitting, water and energy efficiency upgrades, weatherization, sustainability improvements, and universal design, and to address impacts for tenants-in-place during rehabilitation. Explore incentives, including possible financial assistance to encourage participation. Pursue financial resources to assist housing providers to upgrade the City's housing stock with green building improvements. Conduct a study to explore incentives for upgrading historic buildings. Identify properties with soft-story vulnerability and draft a programmatic response, including incentives to encourage retrofitting.	2013-2021	In 2015, the City's Community Development Department continued to work with a consultant team on the development of new incentives to help with the maintenance and rehabilitation of historic multi-family properties. The study focuses on the multifamily historic properties that fall under the rent stabilization ordinance. Presentation of policy recommendations for City Council consideration is planned for 2016. The incentives developed for the historic properties will be studied to evaluate if they can be expanded to apply to all housing in West Hollywood. The City also expanded the information available on its website regarding residential rehabilitation programs available to help owners of rental properties with upgrades and substantial repairs such as PACE programs and energy efficiency upgrade subsidies. In 2015, the City released a RFP to identify rehabilitation incentives for apartment buildings to preserve and improve the rent stabilized housing stock. That work is currently underway.

<p>HE2 - Multi-Family Rehabilitation and Acquisition/Rehabilitation</p>	<p>Identify apartment complexes in need of rehabilitation and support non-profits in acquisition and rehabilitation on an ongoing basis. Use survey tools to scan and analyze block-by-block areas of need of various improvements within the City by 2015. Educate the public (both tenants and landlords) through brochures, City newsletters, and City website, social media, and other innovative communication tools, etc., regarding the rights and responsibilities of maintaining housing quality standards. Annually explore funding availability from State and Federal sources for acquisition and rehabilitation activities, such as HOME funds, Multifamily Housing Program (MHP) funds, and Low Income Housing Tax Credits (LIHTC) as an ongoing collaboration with affordable housing providers. Promote the incorporation of universal design features in residential rehabilitation, particularly in City-assisted projects as part of the regular permitting processes.</p>	<p>2013-2021</p>	<p>In 2015, the City continued to provide education and outreach to the public regarding the rights and responsibilities of maintaining housing quality standards, including bi-annual newsletters to all tenants and landlords in rent stabilized properties, information on the City's website, general inquiries in person and over the phone (over 10,000 inquiries in 2015), the Rent Stabilization Annual Report, and informational mailings to all new tenants and landlords of rent stabilized buildings. The City continued to explore funding availability from State and Federal sources for acquisition and rehabilitation activities.</p>
<p>HE3 - Home Secure Program</p>	<p>Continue to advertise the availability of this program on the City's website and provide brochures at public counters on an ongoing basis. Continue to conduct community outreach and make referrals through social services and rent stabilization constituent contacts to enroll aging and at-risk populations in the Jewish Family Services case management program.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, the City continued to offer the services of the Home Secure Program to lower income residents in the City. The services included free home security devices and home protection measures, including door locks, grab bars, peep holes, and smoke detectors. The program is advertised through case management services with Jewish Family Services and through referrals by the City's Social Services Division. In 2015, the City contributed an additional \$25,000 to the program and added removable access ramps to the list of items that could be provided.</p>

HE4 - Mills Act Contracts and Historic Preservation	Conduct outreach regarding the Mills Act to owners of historic properties annually. Continue to advertise the availability of this program through brochures at public counters. Complete study on historic preservation rehabilitation incentives in 2014 and develop a framework for a program to address historic properties.	2013-2021 (ongoing)	In 2015, the City continued to offer Mills Act contracts to eligible property owners. The City typically receives several inquiries each year. The program is advertised on the City's website and at public counters.
HE5 - Code Compliance	Continue to implement the Code Compliance program to ensure routine property maintenance and eliminate substandard building conditions. In 2014, explore the feasibility of establishing a Rental Housing Inspection program that focuses on physical/structural conditions. (This program will work hand-in-hand with the City's efforts to facilitate multi-family rehabilitation described later.) Explore opportunities for incentivizing upgrades to current standards (see Program 2). In 2014, explore Franchise Tax Board Substandard Housing program for prohibiting certain income tax deductions for landlords who are delinquent in addressing Health and Safety Code violations. By 2015, review the existing program to evaluate its effectiveness and impact on neighborhood conditions to determine if the program needs to be modified or continued.	2013-2021 (ongoing)	In 2015, the Code Compliance Division continued to implement the code compliance program. Code compliance officers responded to constituent needs on a daily basis, including habitability issues, lack of maintenance, and other items. The City continues to expand outreach to constituents regarding the code compliance program. The City used WeHoDirect, a system that provides the user 24/7 access to City Hall by texting, emailing, or tweeting any Code Compliance issues that need to be addressed. This system has ensured that the concern is addressed, even outside of regular City Hall business hours. Requests are automatically routed to the appropriate staff. The Code Compliance Division will continue to evaluate the effectiveness of this new system.

<p>HE6 - Rent Stabilization Ordinance</p>	<p>Continue to maintain a Rent Stabilization program, and work towards alleviating the effects of State mandated vacancy decontrol through legislative action and local incentives to maintain affordable rents. In 2014, explore the issues of aging in place for elderly and disabled persons and find solutions such as a legislative change to allow for unit swapping as an exemption under Costa-Hawkins. By 2015, conduct a review of the Net Operating Income (NOI) mechanism to determine its effectiveness. Continue to conduct workshops to educate landlords and tenants on matters related to the Rent Stabilization Ordinance, including topics such as property maintenance, registration, mediation, and evictions.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, the City continued to administer the rent stabilization program. City staff worked with the City's legislative advocate to monitor legislation that would impact the City's rent stabilization program. Staff traveled to Sacramento to lobby for aging in place legislation, as well as lobby for legislation to amend the Ellis Act. The City meets twice a year with other rent stabilized jurisdictions in the State. In 2015, the City held its third annual Building Blocks Education Series. This series of educational seminars was started in 2013 as a way of informing property managers, owners, landlords, and tenants about the Rent Stabilization Ordinance. Seminars included topics such as "Tenants 101" (in English and Russian), "Pets 101", "Emergency Preparedness for Apartment Buildings", and "Evictions and Relocations". Participants completed feedback forms which will help shape topics and improvements for next year's series. In 2015, the City continued to develop an Aging in Place Strategic Plan. The Strategic Plan will take a multidisciplinary approach to aging in place through the lens of West Hollywood, where many seniors are long-term renters in rent stabilized units. It is anticipated that the Strategic Plan will be presented to City Council in 2016.</p>
<p>HE7 - Housing Choice Vouchers (Section 8)</p>	<p>Continue to encourage local landlords to accept rental vouchers on a daily or as-needed basis and continue programmatic response through Rent Stabilization Ordinance and social services agencies for landlords terminating Section 8. Include information in semi-annual mailings to property owners outlining the benefits of the Housing Choice Voucher program. Undertake proactive measures to ensure the continued availability and usefulness of Housing Choice Vouchers for extremely low and very low income West Hollywood residents. Specifically, work with the Los Angeles County Housing Authority to maintain and increase the payment standards for vouchers to reflect the actual cost of renting in Los Angeles County.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, West Hollywood Section 8 Voucher holders were spared an anticipated \$100 increase. West Hollywood had transferred its vouchers to the County of Los Angeles in 2011, effective July 1, 2012. Before the transfer, the West Hollywood Section 8 voucher holders had a higher payment standard. In July 2014, the West Hollywood payment standard was reduced to match the Los Angeles County rate. These was to be done over the course of two years. The first year (2014) a \$100 increase was incurred; however in 2015 the Fair Market Rent (FMR) in the County was increased and so the amount of the second increase was only about \$20. The City continued several actions to help mitigate the increase in costs, including expanded community outreach to vulnerable tenants in need of social services, increased outreach regarding Section 8 reasonable accommodations, strengthening resident support through Bet Tzedek to ensure Section 8 tenants receive the appropriate rent increase under the City's AGA and receive just cause eviction protections, and partnering with social services agencies to provide case management and support. The City continues to work closely with HACoLA so that impacts to tenants are minimized and provisions in the City's rent stabilization ordinance, including limits on increases in rent, and the City's eviction protections are applied.</p>

Coordinate with the County and HUD to conduct meetings to educate the public regarding "at-risk" housing. For the three projects that require short-term renewal of subsidy contracts, communicate to the public regarding the limited potential for and required process of conversion and available tenant protection and assistance. Should the property owners be interested in selling the properties, provide financial and technical assistance to the West Hollywood Community Housing Corporation or other non-profit organizations interested in purchasing and/or managing the units at risk. The City conducts annual tenant education regarding at-risk units by answering one-on-one questions from tenants as they arise. In the event a property owner of one of the at-risk buildings is interested in selling, the City would provide financial and technical assistance to West Hollywood Community Housing Corporation and other non-profits interested in purchasing the units, including pursuing State and Federal funds to help preserve the units as affordable. In 2015, the City continued to advocate for increased state funding for affordable housing development, acquisition, and rehabilitation.</p>
<p>HE9 - Condominium Conversion Ordinance</p>	<p>Continue to enforce the Condominium Conversion Ordinance. Monitor conversion activities annually to ensure the ordinance continues to work effectively in the protection of the City's rental housing stock and tenant rights.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, the City continued to enforce the Condominium Conversion Ordinance, including coordination with the Community Development Department to monitor conversion activities. In the event of a conversion the Rent Stabilization and Housing Division counsels tenants at risk, to help them understand their options, and works with the property owner for compliance with the inclusionary housing requirements of the City's Ordinance.</p>

HE10 - Residential Referral List	Continue to make available and update weekly the residential referral list of rental units. Expand the referral list to include accessibility as part of the listed amenities to assist persons with disabilities in identifying suitable units. Continue to encourage landlords to participate in this program to expand access to information by prospective tenants.	2013-2021 (ongoing)	In 2015, the City continued to update the residential referral list weekly and make it available to the public at City Hall and on the City's website. In 2015, the City released an interactive online map-based version of the list. Also in 2015, the City continued to encourage landlords to participate in the program through a targeted mailing to landlords that included the rental listing form. The City continued ongoing access to potential tenants by including information about the referral list in the City's housing newsletters and mailings, and on the City's website. The City continued to advertise the availability of the Residential Referral List through social media.
HE11 - Mixed Use and Transit-Oriented Development	Amend the Zoning Code to implement the Transit Overlay Zone, providing incentives to facilitate transit-oriented mixed use development at specific locations. Assist interested developers in site identification and as appropriate, support developers in funding applications.	2013-2021 (ongoing)	In 2015, the Community Development Department regularly worked with property developers interested in developing mixed-use and transit-oriented development in the City. The City assists these developers with understanding the process necessary to obtain entitlements for their projects. The Community Development Department has secured grant funding to assist with implementation of the Transit Overlay Zones and related incentives; zone text amendments to enact these provisions are expected to be presented to the Council for consideration in 2016.

<p>HE12 - Inclusionary Housing Ordinance</p>	<p>Continue to implement the Inclusionary Housing Ordinance. Continue to monitor market conditions and development trends to ensure that the Ordinance works effectively to provide affordable housing in the community but does not unduly constrain housing development in general. If constraints are identified, the City will make necessary improvements to the ordinance to enhance its effectiveness in facilitating the development of housing for all income groups. Continue to prioritize inclusionary housing units for tenants displaced due to Ellis Act and consider developing a programmatic approach within the Inclusionary Housing Ordinance to assist persons with disabilities (including persons with developmental disabilities) and those aging in place. Consider revising the Inclusionary Housing Ordinance to specifically identify the very low income households.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, the City continued to implement the Inclusionary Housing Ordinance, which requires certain percentages of units to be set aside for low income and moderate income households in any new residential building. In certain instances, a developer may opt to pay a fee in-lieu of providing the units. The City completed a nexus study for both the residential and the commercial affordable housing impact fees, and adjusted the fees accordingly. This ensures the City's fees reflect anticipated affordable housing needs resulting from new development. In 2015, the City also continued to offer tenants displaced by the Ellis Act priority on the City's inclusionary housing waitlist. Displaced tenants also have first opportunity to rent new inclusionary units built on the property they were displaced from.</p>
<p>HE13 - Affordable Housing Development through Partnerships with Non-Profits</p>	<p>Continue to support WHCHC and other non-profit organizations in the development of affordable and special needs housing through the provision of financial and regulatory incentives. Devise incentives for the development of housing for extremely low and low income households including persons with disabilities, for example, explore the feasibility of fee incentives.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, the City of West Hollywood continued to support the work of non-profit housing organizations. Affordable Living for the Aging (ALA) had recently opened a new building, the Janet Witkin Center, which provides 16 low and very-low income units to seniors, with some units set aside for extremely low income seniors at risk of homelessness and seniors with disabilities. Also in 2015, the West Hollywood Community Housing Corporation (WHCHC) brought forward and received Planning Commission approval for a 22 unit low and very-low income housing development known as Blue Hibiscus.</p>
<p>HE14 - Workforce Housing, Family Housing, and Ownership Housing Opportunities</p>	<p>Explore creative housing types such as accessory dwelling units, co-op housing, micro units, and other flexible housing types to increase opportunities for affordable homeownership.</p>	<p>2013-2021 (ongoing)</p>	<p>In the 2016-18 Budget, the City plans to include a study of housing options to increase opportunities for home ownership. Additionally, a study evaluating the suitability of alternative housing types in West Hollywood is part of the 2016-2017 Long Range and Mobility Planning Division's work plan. Currently, the City's Inclusionary Ordinance provides a certain percentage of workforce housing through its moderate income housing requirement. Monitor market conditions and development trends regularly to ensure that the Commercial Impact Fee works effectively to provide affordable housing in the community but does not unduly constrain development in general. In 2014, issue a Request for Proposals to study the Commercial Impact Fees, and adjust if necessary.	2013-2021 (ongoing)	In 2015, the City continued to implement the Commercial Impact Fee Program. In 2014, the City hired a consultant to perform an updated non-residential jobs-housing nexus study to demonstrate the relationship between the construction of new commercial development and the impact fee required to meet the additional affordable housing needs created. The final result of the study were presented to the Planning Commission in 2014 and to City Council in early 2015. As a result, the City's commercial impact fee was adjusted to \$4.00 per square foot in 2015, and is set to be increased to \$8.00 per square foot in 2016.

Also in 2015, the City's Rent Stabilization and Housing Division continued to promote green building standards in the City's affordable housing stock by working with developers of new affordable housing projects to implement green building standards. A comprehensive update to the Green Building Program is scheduled to begin in 2016.
HE17 - Potential Sites for RHNA	Ensure that adequate capacity exists to accommodate the City's RHNA of 77 housing units. Encourage mixed-use development at key nodes along commercial boulevards. Annually monitor the City's progress toward meeting the RHNA, including an analysis of any RHNA shortfalls, and evaluate the land availability to meet the remaining RHNA.	2013-2021 (ongoing)	In 2015, the City continued to provide information to developers upon request about sites where higher density residential and mixed-use development is appropriate. The City continues to encourage mixed-use development in commercial zones and particularly in the Mixed-Use Incentive Overlay in certain areas along commercial boulevards. The City maintains an inventory of potential sites where higher density residential and mixed-use developments are appropriate. The City continues to annually monitor it's progress towards meeting the RHNA. In 2015, the City met its RHNA requirement. In 2015, the City approved projects which are expected to bring an additional 22 low and moderate income units in the next three to seven years.
HE18 - Zoning Ordinance	Beginning in 2014, conduct a study to explore the suitability of various housing types such as micro units, co-op housing, accessory dwelling units, and other flexible housing types, or tools such as parcel subdivision, to meet the housing needs of the underserved groups, such as seniors aging in place and moderate income households.	2013-2021 (ongoing)	In the upcoming 2016-18 Budget, the City will consider a study of a variety of housing types and evaluate the advantages or challenges of each related to West Hollywood's particular needs, barriers and goals.
HE19 - Streamlined Processing	Continue to work on improving the streamlined processing procedures and by 2015 develop a handbook to guide developers through the City processes and requirements. Continue to offer pre-application conference with project applicants to identify issues and concerns prior to application submittal.	2013-2021 (ongoing)	In 2015, the City's Community Development Department continued to work on creating new procedures, including updates and clarifications to application forms. Renew contracts with mediation service providers annually. Annually review current laws and recommend any needed modifications to ensure protection of tenants to the maximum extent legally possible. Continue to monitor and investigate allegations of tenant harassment.</p>	<p>2013-2021 (ongoing)</p>	<p>The City's Rent Stabilization Ordinance provides eviction protections by limiting the reasons why a tenant can be evicted. In 2015, the City's Rent Stabilization and Housing Division continued to work with tenants and landlords to prevent unlawful evictions by funding legal aid organizations that provide tenant education and representation. The City also funds an emergency rental assistance loan program for low-income tenants. The purpose of the program is to have the tenant work with a case manager when there is a financial hardship in order to avoid not paying the rent, which is a valid reason for a landlord to evict. Throughout each year the City reviews current laws and recommends modifications to ensure protection of tenants. The City actively advocates, with assistance from its legislative advocate, for changes to State laws that negatively impact the City's tenants, such as the Costa-Hawkins and Ellis Acts, as well as the addition of new state laws that would improve tenant protections. In 2015, the City worked closely with legal aid organizations to protect Section 8 tenants from being unlawfully evicted through contract cancellations.</p>

Encourage other nonprofit housing providers to follow the WHCHC model.</p>	<p>2013-2021 (ongoing)</p>	<p>In 2015, one of the non-profit housing providers operating in the City, WHCHC, continued to implement its Enhanced Management Program at all its housing projects. WHCHC owns and manages 16 buildings with 444 affordable units in West Hollywood. The program provides a resident services coordinator at each development, who interacts with all residents and monitors their social services needs.</p>

ANNUAL ELEMENT PROGRESS REPORT
Housing Element Implementation
(CCR Title 25 §6202)

Jurisdiction City of West Hollywood
Reporting Period 1/1/2015 - 12/31/2015

HE26 - Community Engagement	Design and initiate a community engagement program in 2014.	2013-2021 (ongoing)	In 2015, the City expanded its community outreach efforts related to housing in order to continually assess the community's housing needs and keep the public informed of upcoming affordable housing developments and opportunities. As a part of the community engagement and in preparation for filing this report, Rent Stabilization and Housing staff held two housing element community meetings in January 2016 with over 100 interested participants in attendance. To continue gathering information on housing needs, staff made an online housing survey available to the public on the City's website and had paper copies available at community meetings and public events.
