

**CITY OF WEST HOLLYWOOD**

**CANNABIS BUSINESS LICENSE SCREENING APPLICATIONS**

**CONSUMPTION LOUNGE (EDIBLES ONLY) SCORES**

The City of West Hollywood has undertaken a robust, merit-based selection process for cannabis applicants. The City received over 300 screening applications from over 120 different applicants for a limited number of licenses. Each application was personally scored by each member of the City's five member Cannabis Application Evaluation Committee. The City Manager selected five Evaluation Committee Members with diverse/unique perspectives and a wide breadth of experience in cannabis, hospitality, design, business, local government licensing, social justice, drug policy reform, as well as familiarity with West Hollywood. Once all of the Evaluation Committee Members were finished scoring, the five evaluation committee member scores for each application were averaged. This resulted in an overall score for each application.

**The scores in the consumption lounge (edibles only)  
license category are set out below.**

The top eight scoring applicants in each license category are eligible to move forward in the process of securing a business license from the City. There is no process available to appeal these scores because they already reflect the independent scores of five different and highly qualified professionals. The City Council has determined that this is the best and most balanced method to determine the overall merit of an application.

We were truly impressed by the quality and caliber of the applications that the City received. Many of the proposed businesses were unique, innovative, and world class. We want to express our sincere gratitude to all of the applicants for wanting to locate and do business in the City of West Hollywood, your participation and support of this process has helped to make it successful, and solidify the future success of the cannabis industry in West Hollywood.
