

**City of West Hollywood
Citywide Salary Schedule
7/1/2024 - 6/30/2025**

The Citywide salary schedule identifies the steps or ranges associated with each job classification within the City of West Hollywood, including all employees and elected officials. Salary and compensation levels are negotiated through the collective bargaining process between the City and represented employee associations and memorialized in the individual Memoranda of Understanding (MOU) for each group. Each MOU contains information regarding benefits, other items of compensation, and terms and conditions of employment. Executive level positions and temporary employees are not represented by an employee association. This schedule is updated periodically as salaries are modified in accordance with the MOU, or new positions are approved. This salary schedule satisfies the requirements set forth in the California Code of Regulations (CCR) Section 570.5 and Government Code (GC) Section 20636.
