: WEST HOLLYWOOD Portion :

As a reminder, the streets are posted with 4:00am No Parking signs to prepare for closure barricades to be in place at 5:00am in the following locations

*On Sunset from Havenhurst to Doheny (Doheny is open to Santa Monica)
On San Vicente from Sunset down to Melrose and
On Santa Monica from La Cienega to Doheny.*

There are soft barricades on access streets to prevent vehicles from accessing Sunset during the race.

We anticipate opening Sunset at approximately 12:00pm.

We had a higher than typical amount of calls for this event.

Particularly from the Horn Shoreham area as they have no alternative exit on that morning.

The Marathon volunteers as well as our Sheriffs department re-noticed the area.

We provided the following to help those that must exit.

One option is that they may leave their neighborhood in a vehicle up until 7am.

The second is that all *district 4* residential parking permits will be honored in *district 5*.

The resident may park their car in *district 5* the night before and access them on Sunday.
