

EXAMPLE OF OUTDOOR DINING EXPANSION DIAGRAM

EXHIBIT A

Restaurant XYZ  
 XXXX Santa Monica Blvd.  
 John Doe  
 323- XXX -XXXX  
 jdoe@restaurantxyz.com

1. Identify the restaurant/store.
2. Identify street in front of restaurant / store.
3. Identify the whole width of existing sidewalk (from property line to curb face).
4. Identify the pedestrian path of travel width (4ft min clearance is required per ADA standards).
5. Identify the proposed dining expansion area (clearly show boundaries).
6. Identify all street furniture and trees along the frontage of the restaurant/store from building to the curb face (clearly label all items: tree, tree well, street light pole, parking meter, bike rack, trash bin, manhole, utility box, etc.)
7. Calculate the total area of the proposed dining expansion area.
