

MaySky Classical Night

*The City of West Hollywood
and its Russian Advisory Board present...*

'MaySky Classical Night' is an annual classical music event in the City of West Hollywood featuring some of the best Russian-speaking classical musicians. The event is co-sponsored by the Russian Advisory Board. Usually 'MaySky Classical Night' is a gorgeous Saturday evening filled with beautiful classical music by legendary Russian composers. This year our event is going to be virtual, but this only makes it more intimate and accessible not only for the music lovers of West Hollywood and Los Angeles but for the people around the world.

This year, our unique program will feature: 5 countries, 10 performers, 8 instruments.

From the golden fields of Zurich, Switzerland, to the Concert Hall in Moscow, from a private antique instrument museum in Germany, to an Italian conservatory concert hall, and finally to a home music atrium in Los Angeles.

All the performers of 'MaySky Classical Night' 2021 are proud to be a part of West Hollywood and global Russian-speaking community and represent the best our community can offer to the world.

Our program will feature:

Alexander Boldachev (harp), Dimitry Olevsky (violin),
Evgeny Tonkha (cello), Svetlana Smolina (piano), Lilit Mardiyan (guitar),
Maksim Velichkin (cello, harpsichord), Philip Vaiman (violin),
Roksana Zeinapur (soprano), and others.
