### Overview

#### **BACKGROUND**

The City of West Hollywood has been operating social services programs for the community by contracting with non-profit organizations since July 1985. The City Council has a firm commitment to enhancing the quality of life of the City's community members by meeting their social service needs.

City funds are to be used exclusively to provide services to members of the West Hollywood community. For the purposes of social services funding, a West Hollywood community member is defined as: a resident, a person who works in the City, a person who attends school in the City, a property owner, or an unhoused person who spends the majority of their time in the City.

#### **THREE-YEAR FUNDING PROCESS**

Contracts will be negotiated for a one-year period, beginning October 1, 2022 to September 30, 2023, with two one-year options for renewal. Although this Request for Proposal (RFP) requests proposals for three-year programs, the Exhibit A (Scope of Services), Exhibit B (Budget), and funding requests should all reflect one-year programs. The City will assume that the second and third-year program and funding is essentially the same.

#### **CITY EXPECTATIONS**

The City works collaboratively with social service providers and facilitates cooperative efforts between and among providers. Once an agency contracts with the City, a City Program Administrator is assigned to the agency or program and will work with a consultant hired by the City who is responsible for fiscal review. City staff members and consultants help ensure compliance with the agency's contract; advise staff on program service, program administration, and financial matters; plan for future service needs; provide assistance regarding the City's requirements and processes; facilitate

Enhancing the quality of life of the City's community members by meeting their social service needs.

a cooperative approach to delivery of services to West Hollywood community members; and address concerns from constituents.

Contracted agencies are expected to work as a team with each other and with City staff, share information, and participate in regular collaborative meetings. West Hollywood's approach results in more frequent contact between the City and providers, and in greater

City involvement in program operation than in traditional contracting relationships.

Applications should demonstrate the ways in which collaboration with other agencies, programs, and public or private entities, enhances service delivery and improves client outcomes.

City policy is established by the City Council, with recommendations from the Human Services Commission and City staff. The Human Services Commission, an appointed body that is advisory to the City Council, makes recommendations for City social

services funding and receives updates on the implementation of City-funded programs to support transparency and consistency with City policy. Documenting implementation and ensuring accountability for City funds is the responsibility of City staff. Recommendations from both City staff and the Human Services Commission are generally, but not always, in alignment. City-funded agencies are often invited to make presentations to the Commission or provide information to the City Council. This participatory process is managed by City staff, who also coordinate the involvement of other City departments in meeting the social services needs of West Hollywood community members.

Collaborative applications are welcome.

One non-profit organization must act as fiscal agent for the collaborative and

will be solely responsible for meeting all City fiscal documentation and reporting requirements.

The City of West Hollywood does not provide funding to start new organizations ("seed money") or to conduct pilot programs. The City does fund expansion into West Hollywood programs that are successful in other communities, adaptation of successful programs to meet the needs of West Hollywood community members, and services for West Hollywood community members that may be delivered outside the City.

Proposals should note whether they provide services in Russian, Spanish or other languages. They should also state whether they have staff members or

volunteers
who provide
services
in those
languages
and whether
their materials
are available
in multiple
languages.

An important component of any proposal is the plan for outreach and publicity to inform prospective clients about how to access services.

Outreach and

publicity also include activities that build community support for access to social services. Grantees may be asked to make presentations to City Commissions,
Advisory Boards, community organizations,
local schools and other groups to help
inform the public about services available
to West Hollywood community members.

All programs and facilities must be accessible to persons living with disabilities, including mobility, vision, hearing, chronic illness, mental health, developmental, and other conditions.

Non-profit organizations that receive funds from the City are responsible for all terms and conditions of their agreement with the City, and are expected to request assistance when needed, identify areas that may be of concern to City staff, work cooperatively with other agencies, keep the City informed regarding their program activity and the needs of the community, and meet all City contracting requirements. Providers receiving funding must maintain a consistent level of service throughout the year regardless of factors such as staff turnover.

The City encourages providers to include individuals with lived expertise on their staff at all levels of their organizations.

The City contracts for services from providers on a proportional funding basis. Providers should not look to the City as the sole funder of a program and should consider the City as the funder of last resort. The City will contribute to a program's budget in an amount that does not exceed the level of service the City will receive. The City evaluates its contribution by dividing the amount of service West Hollywood

community members will receive by the total amount of service the program will provide. The City will compare this percentage with the percentage of the program's budget that is requested from the City. For example, if the proposed program serves 300 people and 100 of these people will be West Hollywood community members, then 33% of the proposed program's activity will serve West Hollywood. The City will then consider funding up to 33% of the proposed program's total budget. The City will not fund a higher level of service than the proportion it receives but may fund less. The proposal should provide information on the program's total budget and service

recipients, and the services delivered to the West Hollywood community, so that the percentage of funding for West Hollywood services is proportional to the total budget.

A list of currently contracted Social
Services agencies with a description
of programming and funding amounts
is included with this document (see
Attachment 1). This list provides context
for applicants as they consider service
provision to the West Hollywood
community and funding requests.

Organizations currently contracting with the City that are seeking an increase in funding beyond a nominal cost of living increase must demonstrate a proportional increase in proposed goals.

#### CITY FUNDING PRIORITIES

Funding priorities and target populations are informed through the findings of the Needs Assessment of Access to Social Services by Community Members of Color, the Aging in Place/Aging in Community Initiative, the HIV Zero Initiative, the West Hollywood Five-Year Plan to Address Homelessness, and by the 2019 West Hollywood Community Study. This RFP also incorporates public input received by City staff and the Human Services Commission during discussions of social

services funding priorities with City
Commissions and Advisory Boards,
current service providers, and members
of the public at a public hearing. Grant
applicants are not required to address
these priorities, but the need for services
by members of the West Hollywood
community is a criterion for funding.

- Caregiver support services
- Case management services
- Disability services
- Domestic violence/intimate partner abuse services
- Food and nutrition services
- Health care services

- Job training and placement services
- Legal services
- LGBTQIA+ services
- Mental health services
- Senior services
- Sexual violence prevention, education and support services
- Substance use disorder treatment services

## TARGET POPULATIONS FOR SOCIAL SERVICES INCLUDE:

- Children, youth and families
- Cisgender women
- Immigrants who are in the U.S. to protect their safety

## Needs Assessment of Access to Social Services by Community Members of

**Color:** The City recently conducted a needs assessment focusing on the social services needs of community members of color. Recommendations from the report include:

 Develop an Awareness Campaign for People of Color Working in West Hollywood

- Proposals should include an outreach campaign promoting programs and services available to the West Hollywood workforce.
- 2. Expand Food & Nutrition
  Programming for Non-Resident
  Community Members
  - In addition to people who live in West Hollywood, proposals should include service provision for those who work, attend school, own property, or spend significant amount of time unhoused in West Hollywood.
- 3. Develop a Racial Equity Based Service Utilization Strategy
  - The Exhibit A: Scope of Service should reflect quarterly and annual goals for serving community members of color.

# 4. Evaluate Progress on Service Utilization Strategy with an Evaluation Plan

 Contracted agencies will submit quarterly and annual reports to the City reflecting progress toward their stated goals for serving community members of color.

## 5. Standardize Provider Capacity to Communicate About Services Offered

 The agency website should clearly describe the services offered, eligibility requirements, estimated response time to inquiries and service requests Proposals should include a telephone number and hours of operation.

A link to the Needs Assessment can be found here.

## Aging in Place/Aging in Community Initiative:

The City of West Hollywood contracts for services that support City residents across the lifespan. West Hollywood's older residents are diverse and include long-term HIV/AIDS survivors, the Russian-speaking community, the LGBTQIA+community, and people who are frail and homebound. As community members grow older, they can become increasingly isolated, leading

to depression and other health and mental health conditions. Many older adults live on fixed incomes and face food and housing insecurity as the cost of living continues to increase locally and nationally. The City invests in social services to address these issues and support residents' quality of life. For more information about the Aging in Place/Aging in Community Initiative please click here.

# Alternatives to Incarceration/Pre-Trial Services: As part of its ongoing effort to promote justice and equity through creative solutions and social services, the City is focusing on pre-trial diversion and alternatives to incarceration, such as substance use treatment, employment support, community service, and counseling. A recent staff report on this initiative is available here.

**Enhancing Workers Rights:** The City of West Hollywood encourages applicants to include innovative programming to enhance worker's understanding of their labor rights and available City services; provide culturally and linguistically sensitive targeted outreach and education; and provide linkage to services for lowwage workers, particularly for people who are vulnerable to exploitative labor practices. Proposed programs would demonstrate the effectiveness of a partnership between the City of West Hollywood and community-based organizations to successfully reach a largely hidden, insular, vulnerable population to empower them and reduce their risk for labor exploitation and human trafficking. For more information on related topics, including the Minimum Wage Ordinance please click here and the Massage Workers' Rights and Safety Initiative please click here.

HIV Zero Initiative: The City is committed to the goals of achieving zero HIV transmission and making pre-exposure prophylaxis (PrEP), effective medication to treat HIV, and other tools to prevent transmission of HIV widely accessible in West Hollywood. The City funds services that raise awareness of and provide access to transmission prevention resources, including

prophylactic medications and services to address co-factors (i.e. mental health challenges, substance use, and HIV stigma). For more information about the HIV Zero Initiative, please <u>click here</u>.

Homelessness Plan: Addressing homelessness in West Hollywood continues to be a key City priority. The City Council adopted the Five-Year Plan to Address Homelessness in August 2018, and the City is implementing the plan with a current focus on street outreach and engagement, creating an Access Center, and establishing interim housing. Staff recommends that services for people experiencing homelessness be aligned with the priorities established in the plan. LGBTQIA+ youth and adults experiencing homelessness are priority populations. Behavioral health services, substance use services and

programs with the capacity to provide immediate response (including evenings and weekends) to community concerns continue to be a priority. To find the Five-Year Plan to Address Homelessness, please click here.

Sexual Health Services and STD

Prevention and Treatment: Los Angeles
County, including West Hollywood,
is experiencing an increase in STD
transmission. The City is looking to
expand its current portfolio of services.

Community Study: The City of West Hollywood periodically conducts a Community Study to help inform the funding priorities of the City's Social Services Division. The most recent study was conducted in 2019 and was informed by demographic analysis; service utilization data; direction from the City Council, Commissions and Advisory Boards; contracted providers; a statistically valid survey; and community input.

A summary of findings of the 2019 Community Study are available <u>here</u>.

**Demographics:** Applicants should consult the City's 2019 Community Study for City demographics If other data sources are used to describe needs for services, a citation for the source should be provided.

The City of West Hollywood will consider proposals for services or programs which have not been identified in this RFP, but documentation of need is a significant factor in funding decisions.

Priority will be given to reproductive health services and programs demonstrating innovation and creativity in linking community members to testing, treatment, and harm reduction programs.

#### **FUNDING AVAILABILITY**

The City of West Hollywood will allocate approximately \$5.1 million in this funding process to local non-profit organizations providing services to meet community needs; to encourage community stability; and to enrich the quality of life for members of the West Hollywood community. Of this amount, approximately \$100,000 will be available for urgent needs. Urgent needs funds are intended to be used for one-time, short-term expenditures on behalf of clients that cannot be funded in any other way.

#### **Unit of Service:**

This refers to the way in which a service is measured. For services that involve in-person, in-depth contact (counseling, intake, casework, etc.), the City is interested in knowing

the number of "New and Unduplicated People", the number of "New and Ongoing Clients", and the number of "Client Visits" per service. Other types of service should measure the number of people receiving the service and the amount of the particular service provided. For example, a service category of "Emergency Shelter" would be measured by the number of people served and the number of bed nights utilized. A food program would be measured by the number of people served and the number of meals provided. A job placement service would be measured by client intake and the number of job placements. Group activities would be measured by the number of groups provided and attendance.

#### **Numerical Goals:**

The "West Hollywood" section of Exhibit A refers to the number of West Hollywood community members to be served quarterly and annually. The "Total Project" section refers to the total number of people (including members of the West Hollywood community) the program will serve quarterly and annually.

#### **Outcome Objective:**

Provide one outcome objective that is measurable, specific, achievable, realistic, time-specific, and which reflects behavior change or program impact.

State how many of what population will experience what benefit in what time frame.

#### **EXHIBIT B (BUDGET JUSTIFICATION) INSTRUCTIONS**

Using the form and samples provided by the City, please complete the Budget Justification detailing personnel costs, other program and administrative costs, and urgent funds (if applicable) for the program. Include all costs for the program for which funding is requested, regardless of whether the expense is to be met by the City of West Hollywood. The Exhibit B template can be accessed by clicking on the "View Attachments" link on the top right corner of this sheet.

#### **Personnel Costs** (page 1 of form)

Position Title: List each paid position of the program by title. Include all positions, whether grant-funded or not, and indicate the percent of time spent on the project.

- Monthly Salary: Indicate the total monthly salary for the position.
- % Time on Project: Indicate the percentage of the salary to be charged to the West Hollywood grant.
- # Months Employed: Show the number of months during the grant period that the position will be filled.
- Total Grant Share: Compute the total charge to the grant for each position. Multiply the monthly salary by the percentage of time on the project by the number of months employed.
- Total Non-Grant Share: Enter the remainder of the salary in the "Total Non-Grant Share" column.

#### **Fringe Benefit Costs**

For salaries and wages to be funded by the grant, itemize each benefit by type and percentage of salary (if applicable) and the number of employees covered. Sick leave, vacation, and holidays are not included as fringe benefits. Medical/dental Insurance should be detailed by the annual premium for each individual budgeted, multiplied by the percentage of that individual's salary that is charged to the grant. Employer payroll taxes may be included as fringe benefits. Provide totals for the grant share, the nongrant share, and the total of all benefits costs.

**Total Personnel Costs:** In this row, provide the total of salaries and benefits for the Grant Share, Non-Grant Share, and Total Program.

#### Other Costs (page 2 of form)

Show each item and describe the basis for the amount requested.

#### **Facility Costs**

Describe the basis of the allocation of rent, utilities, janitorial, telephone, internet, utilities, or other costs for the project's location. For example, "This agency occupies 2,500 square feet, and pays \$2,750 per month in rent. The project will occupy 500 square feet (20%) of agency space. The agency will absorb 50% of the program's rental expense." In this case, the grant share will be \$275/mo. (\$3,300/year.)

#### **Insurance**

City contract provisions require that grantees have liability insurance coverage in the amount of \$1 million and a comprehensive blanket crime policy in an amount not less than \$10,000. Please budget appropriate amounts for these expenses and show the basis for the allocation of costs to the grant and to other agency programs.

#### **Consultant Services**

Consultant services are those contract services performed by individuals who are not agency staff. List each type of consultant to be funded by the grant, the specific services rendered, the proposed hourly rate, and any additional information to justify the use of consultants as opposed to staff or volunteers. For example, "A consulting licensed mental health professional will provide supervision for eight intern mental health workers and eight staff members. 8 hours/week x \$100/hr. x 52 weeks = \$41,600."

#### **Training, Seminars, Conferences**

Include a description and justification for the training to be attended and show how the cost was computed. Identify amounts for travel, per diem expense, and lodging.

#### **Audit**

Grantees receiving \$50,000 or more from the City are required by the contract to have an annual certified audit. Show the basis of any cost allocation to the grant.

#### Mileage

Justify any mileage expenses requested and show the basis for the computation.

#### Other examples of Program Costs include:

- Advertising
- Directly paid services such as bus fare and food vouchers
- Printing
- Supplies
- Urgent Needs Fund

#### **Equipment Purchase**

Funding from the City of West Hollywood may not be used to purchase equipment.

#### **Indirect Cost**

Up to 10% of the grant may be used for indirect costs. The basis for indirect costs must be approved by the City. Depreciation and other non-cash costs cannot be included in the allocable base or as a budgeted item.

#### **Program Income**

Any income generated by a project funded by the City of West Hollywood must be used for the support of the project. Such income cannot be used to support other agency programs or projects. Detail all sources of income generated by grant funded projects, the anticipated dollar amount, and the basis for the computation. Show the program income as a negative amount which reduces the non-grant share of expenses.

The Budget Justification must be signed by the Fiscal Officer and the Executive Director. Make sure the signatories are included on the Authorized Signature list submitted to the City.

by CITY, which approval will not be unreasonably withheld, and bear responsibility for attorney's fees, expert fees and all other costs and expenses of litigation. Should conflict of interest principles preclude a single lawyer from representing both CITY and CONTRACTOR, or should CITY otherwise find CONTRACTOR's legal counsel unacceptable, then CONTRACTOR shall reimburse the CITY its costs of defense, including without limitation reasonable attorney's fees, expert fees and all other costs and expenses of litigation. Contractor shall promptly pay any final, non-appealable judgment rendered against the CITY. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California but the indemnity obligation will exclude such loss or damage which is determined to be caused by the sole active negligence or willful misconduct of the City. CONTRACTOR shall give CITY at least thirty (30) days written notice of any modification, change or cancellation of any policy of insurance or as allowed by the insurance carrier. The City reserves the right to waive certain insurance requirements based upon the services provided. CONTRACTOR is to acquire the following insurance coverage:
  - A. <u>GENERAL LIABILITY INSURANCE</u>: The CONTRACTOR shall maintain commercial general liability insurance in an amount of not less than one million dollars (\$1,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Contract or the general aggregate limit shall be at least twice the required occurrence limit.

- B. <u>PROFESSIONAL LIABILITY INSURANCE</u>: The CONTRACTOR shall maintain professional errors and omissions liability insurance for protection against claims alleging negligent acts, errors, or omissions which may arise from the CONTRACTOR's operations under this Contract, whether such operations be by the CONTRACTOR or by its employees, subcontractors, or subconsultants. - D. WORKERS' COMPENSATION INSURANCE: The CONTRACTOR shall maintain Workers' Compensation Insurance and Employer's Liability Insurance for its employees in accordance with the laws of the State of California. In addition, the CONTRACTOR shall require any and every subcontractor to similarly maintain Workers' Compensation Insurance and Employer's Liability Insurance in accordance with the laws of the State of California for all of the subcontractor's employees. Any notice of cancellation or non-renewal of all Workers' Compensation policies must be received by the CITY at least thirty (30) days prior to such change or in accordance with the policy provisions. The insurer shall agree to waive all rights of subrogation against the CITY, its officers, agents, employees, and volunteers for losses arising from work performed by the CONTRACTOR for CITY.
- E. <u>AUTOMOBILE LIABILITY INSURANCE</u>: The CONTRACTOR shall maintain commercial automobile liability insurance covering bodily injury and property damage for all activities of the CONTRACTOR arising out of or in connection with the work to be performed under this Contract, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than one million dollars (\$1,000,000) combined single limit for each occurrence. If CONTRACTOR or CONTRACTOR employees will use personal autos in any way on this project, CONTRACTOR shall obtain evidence of personal auto liability coverage for each such person as appropriate.
- F. <u>SEXUAL/PHYSICAL ABUSE LIABILITY</u>: Any CONTRACTOR extending services to minors shall evidence coverage in an amount of not less than one million dollars (\$1,000,000) per occurrence.
- G. <u>CRIME INSURANCE</u>: A comprehensive blanket crime coverage policy in an amount not less than one hundred thousand dollars (\$100,000) insuring against loss of money, securities, or other property referred to hereunder which may result from (a) dishonesty of fraudulent acts of officers, directors, or employees (commercial blanket form) of the CONTRACTOR; or (b) disappearance, destruction, or wrongful abstraction inside or outside the premises of the CONTRACTOR while in the care, custody, or control of the CONTRACTOR; or (c) sustained through forgery or alteration of checks, drafts, or any other order or direction to pay a certain sum in money. The policy shall be primary to any other similar insurance, shall include loss payee's endorsement in favor of CITY and shall contain a provision stating that the insurance carrier will provide thirty (30) days advance notification of cancellation of such insurance or in accordance with policy provisions.

- H. <u>POLICY ENDORSEMENTS</u>: Each general liability insurance policy and automobile liability insurance policy shall be issued by insurers possessing a Best's rating of no less than A-:VII. Each general liability insurance policy shall be endorsed with the specific language below. CITY will request copies of all required policy endorsements to evidence coverage modifications. CONTRACTOR also agrees to require all contractors, and subcontractors to do likewise.
  - i. "The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONTRACTOR, including materials, parts, or equipment furnished in connection with such work or operations."
  - ii. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY maintains, shall be considered excess insurance only and shall not contribute with this policy.
  - iii. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.
  - iv. Notwithstanding the provisions included in any of the ISO Additional Insured Endorsement forms, CONTRACTOR acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amounts of coverage required. Any insurance proceeds available to the CITY in excess of the limits and coverage required in this agreement and which is applicable to a given loss will be available to the CITY.
  - v. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents regardless of the applicability of any insurance proceeds and agrees to require all subcontractors to do likewise.
  - vi. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the CITY, its elected or appointed officers, officials, employees, agents, or volunteers.
  - vii. The insurance provided by this policy shall not be suspended, voided or reduced in coverage or in limits except after thirty (30) days' written notice has been submitted to the CITY and approved of in writing, except in the case of cancellation, for which ten (10) days' written notice shall be provided or in accordance with policy provisions.
  - viii. CONTRACTOR agrees to provide immediate notice to CITY of any claim or loss against CONTRACTOR arising out of the work performed under this agreement. CITY assumes no obligation or liability by such notice but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve CITY.

- I. SELF-INSURED RETENTIONS/DEDUCTIBLES. All policies required by this Contract shall allow CITY, as additional insured, to satisfy the self-insured retention ("SIR") and/or deductible of the policy in lieu of the CONTRACTOR (as the named insured) should CONTRACTOR fail to pay the SIR or deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. CONTRACTOR understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Contract. Failure by CONTRACTOR as primary insured to pay its SIR or deductible constitutes a material breach of this Contract. Should CITY pay the SIR or deductible on CONTRACTOR's behalf upon the CONTRACTOR's failure or refusal to do so in order to secure defense and indemnification as an additional insured under the policy, CITY may include such amounts as damages in any action against CONTRACTOR for breach of this Contract in addition to any other damages incurred by CITY due to the breach.
- J. <u>CERTIFICATES OF INSURANCE</u>. The CONTRACTOR shall provide certificates of insurance with policy endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of insurance and related policy endorsements shall be filed with the CITY on or before commencement of performance of this Contract. Current insurance documentation shall be kept on file with the CITY at all times during the term of this Contract.
- K. <u>FAILURE TO MAINTAIN</u>. Failure on the part of the CONTRACTOR to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Contract pursuant to terms and conditions contained herein.
- 20. <u>ASSIGNMENT</u>. The parties recognize that a substantial inducement to the CITY for entering into this Contract is the professional reputation, experience, and competence of the CONTRACTOR. Assignments of any or all rights, duties, or obligations of the CONTRACTOR under this Contract will be permitted only with the express consent of the CITY. The CONTRACTOR shall not subcontract any portion of the work to be performed under this Contract without the written authorization of the CITY. If the CITY consents to such subcontract, the CONTRACTOR shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Contract shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law. Any attempt by CONTRACTOR to assign any performance of the terms of this contract shall be null and void and shall constitute a material breach of this contract.
- 21. <u>COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS</u>. The CONTRACTOR shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations and directives as they relate to the performance of this contract.
  - A. <u>TAXES</u>. The CONTRACTOR agrees to pay all required taxes on amounts paid to the CONTRACTOR under this Contract, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by

reason of the independent contractor relationship created by this Contract. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the CONTRACTOR and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONTRACTOR, then the CONTRACTOR agrees to reimburse the CITY for all costs, including accounting and attorneys' fees, arising out of such audit and any appeals relating thereto.

- B. WORKERS' COMPENSATION LAW. The CONTRACTOR shall fully comply with the workers' compensation law regarding the CONTRACTOR and the CONTRACTOR's employees. The CONTRACTOR further agrees to indemnify and hold the CITY harmless from any failure of the CONTRACTOR to comply with applicable workers' compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONTRACTOR under this Contract any amount due to the CITY from the CONTRACTOR as a result of the CONTRACTOR's failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.
- C. <u>LICENSES</u>. The CONTRACTOR represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Contract any licenses, permits, insurance, and approvals which are legally required of the CONTRACTOR to practice its profession. # CITY OF WEST HOLLYWOOD INSURANCE REQUIREMENTS

The City requires the following types of insurance coverage in the form of original, signed insurance certificates:

- General Liability (\$1,000,000 per occurrence)
- Crime Coverage (not less than \$10,000)
- **Auto Liability** (where applicable) Coverage: not less than three hundred thousand dollars (\$300,000) combined single limit per occurrence
- Worker's Compensation (meeting State of California standards)

You must submit certificates demonstrating that these insurance policies are in effect. Please make careful note of the following mandatory requirements regarding the **General Liability** and **Crime** coverage when arranging for certificates to be submitted to the City:

<u>Additionally Insured Party</u> - A separate <u>Additional Insured Endorsement</u> naming the "City of West Hollywood, 8300 Santa Monica Blvd, West Hollywood, CA 90069" as an Additional Insured on the General Liability policy. This endorsement is often provided via the ISO form CG 20 26 07 04 or similar. A sample is attached.

The endorsement certificate in particular may be new to you; these have always been required as part of our social services agreement (see section 18 for more detail), but the City has only recently begun collecting them for our contract files. Due to changes in our Finance processes, we can no loneer release payments unless both of these insurance documents have been received.

<u>30-Day Ironclad Cancellation</u>- The City must receive 30 days written notice of cancellation. Please note that the standard cancellation clause carried on certificates of insurance **fails to meet this standard and must be amended PRIOR to submission to the City.** An acceptable cancellation clause would read as follows provided that the certificate names the City as the certificate holder and as an additionally insured party:

"Should any of the above described policies be cancelled before the expiration date thereof, the issuing company will mail 30 days written notice to the certificate holder."

Also, if your agency provides *legal services*, we need the professional liability insurance certificate of insurance. If your agency provides *medical/physician services*, we need the medical malpractice certificate of insurance. Current insurance certificates must be supplied to the City in order for your contract to be in compliance. No payment on your grant with the City can be made until your insurance is current. Please submit certificates to:

City of West Hollywood 8300 Santa Monica Blvd. West Hollywood, CA 90069 Attn: Joyce Britton or e-mailed to jbritton@weho.org
