Jeff Archuleta reported that on July 2, 1987, the Planning Commission denied Conditional Use Permit 87-04, a request to allow the sale of beer and wine for off-site consumption in connection with a convenience food mart. The owner, Nassrollah Aliabadi, has appealed the commission's decision to the City Council. This hearing was opened and continued open at the meeting of August 17, 1987. Mayor Viterbi opened the public hearing and the following persons came forward to speak in favor of the appeal:

Mrs. Aliabadi, appellant

The following came forward to speak in opposition to the appeal:

Jeanne Dobrin, West Hollywood

The rebuttal was given by Mrs. Aliabadi. Mayor Viterbi closed the public hearing and returned this item to the Council for discussion.

ACTION: Deny the appeal for the off-site sale of beer and wine, based on the following findings:

1. That the proposed sale of beer and wine for off-site consumption will add to the undue proliferation of liquor outlets in the area in that there are already three such outlets within the district (bounded by La Brea on the West, Fountain on the North, Seward on the East and Willoughby on the South), which is the maximum number recommended by the Department of Alcoholic Beverage Control.

2. That the proposed sale of beer and wine for off-site consumption would further impair the integrity and character of the zone and area in which the use is to be located in that the area has historically experienced problems of crime, vice and loitering, and allowing the use would further exacerbate those problems.

3. That the proposed use would not be compatible with the existing and future land uses within the zone and area in which the use is to be located in that the city and local business groups are investing time and money to revitalize Santa Monica Boulevard between Fairfax and La Brea Avenues, and allowing another liquor outlet in the area would impede this revitalization effort.

Motion Land second Schulte.

AYES: Albert, Heilman, Land, Schulte, Mayor Viterbi

NOES: None

Motion carried. Staff will return with the required Resolution.

5. PARKING NEEDS ANALYSIS AND SITE IDENTIFICATION PHASE I: REPORT PREPARED BY DKS ASSOCIATES: ADOPTION OF PARKING STRUCTURE SITE RECOMMENDATIONS IN CONCEPT: The Deputy City Clerk reported that this item was published in the Post Newspaper and posted at City Hall and the 3 required places. Maryanne Jones gave the staff report. Mayor Viterbi opened the Public Hearing and the following persons came forward to speak on this item:

Budd Kops, West Hollywood

Ira Stein, West Hollywood

Mayor Viterbi closed the public hearing and returned this item to Council for discussion with staff.

RECOMMENDED ACTION: Take public testimony at the continued public hearing, and then, if appropriate, approve in concept the following implementation priorities:

Priority two: Implement shared parking arrangements wherever feasible in this area. Municipal parking at the Robertson Blvd. site to be

contingent on whether the Civic Center will be located at West Hollywood Park.

Priority six: Approve in concept a municipal parking structure at the existing L.A. County public parking lot between La Jolla and Havenhurst, south of Santa Monica Blvd. Conceptual design for this lot to include both of the following options: a municipal structure on County land only, and on both County land and privately held commercial development immediately north on Santa Monica Blvd.

The results will be presented to Council as part of the Phase II DKS report, which outlines the specific implementation plans for these sites.

Various instructions were given to staff. On priority six, the L. A. County public parking lot, look at the revenue generated and talk to the County about removing the charges and improving the signage, to improve the usage of the lot.

Ask the consultant if the lot on the Southwest corner was considered and if not, why not. Consensus was reached by the Council on continuing to explore with Safeway while we move ahead with the Civic Center discussions; that we defer on parking structures and do not move ahead with DKS on Phase II, but rather, explore some alternatives on existing surface sites to try to make it more workable than present conditions and staff to bring back a report. Also, talk to the owners of the Rose Tattoo or any other commercial owners where the site might be propitious for a joint development. If the city obtains the LaJolla, Havenhurst property for parking, staff will do outreach to the employees to let them know. Time frame for return to Council will be 4-6 weeks.

Councilmember Land also requested that staff look into the proposed closing for remodeling that she was told Alpha Beta would be doing in December.

CITIZEN COMMENTS: This time has been set aside for citizens to comment on agenda items or bring other items of importance to the attention of the City Council. At this point in time the following persons came forward to address the Council:
