

Robert Oliver
Small Business Owner

My name is Robert Oliver, and I am running for West Hollywood City Council to keep our city a safe, vibrant, and inclusive place for all. I am a passionate resident, small business owner, and neighborhood advocate with years of experience making positive change for our communities.

My priorities include:

Homelessness - Addressing the homelessness crisis with urgency and compassion including substance abuse rehabilitation, mental health services, family reunification, workforce training, and helping keep people in their homes.

Public Safety/Crime - Providing our first responders and neighborhoods with the resources needed to combat the rise in crime by expanding community policing, foot and bike patrols, mental health crisis resources, traffic safety enforcement, nightlife security, and protections for businesses and residences.

Housing - Building housing that is affordable for all income levels so the middle class can continue to call West Hollywood home.

Renters' Rights - Fighting for renter protections like emergency rental assistance, protecting against unfair evictions, and strengthening our rent stabilization ordinance.

West Hollywood needs strong leadership that will bring us together and deliver real results for our community. I will be that leader. I humbly ask for your vote.
