Please join us for a discussion of the Draft General Plan and Draft Climate Action Plan. The Draft General Plan 2035 was developed via extensive input from the West Hollywood community. It documents our shared vision of tomorrow and sets the policies and programs to achieve that vision. The Climate Action Plan, prepared as part of the General Plan Update process, offers a toolkit of policies and actions by which we can continue to reduce our impacts on the environment. At the Community Meeting, you will have the opportunity to learn more about the Draft General Plan and Climate Action Plan, ask questions of staff and consultants, and talk with your friends and neighbors.
