RE: Formal Notification for the 9160-9176 Sunset Boulevard Development Project,
Pursuant to Assembly Bill 52

Dear Mr. Alvarez,

The City of West Hollywood is preparing an Environmental Impact Report (EIR) for the proposed demolition of an existing automotive dealership building and surface parking lot to construct a new five-story, 53,0129 square-foot commercial building with three-levels of subterranean parking garage and a LED media system or digital canvas that wraps the building ("Project"). The proposed project is located at 9160-9176 Sunset Boulevard in the City of West Hollywood (Assessor Parcel Numbers 4340-028-001, -002, and -010). The project would involve ground disturbance on the site, including excavation for a three-level subterranean parking garage approximately 30 feet below ground. The proposed project is subject to the California Environmental Quality Act (CEQA).

The Project must comply with California Public Resources Code § 21080.3.1 (Assembly Bill [AB] 52 of 2014), which requires local governments to conduct meaningful consultation with California Native American tribes that have requested to be notified by lead agencies of proposed projects in the geographic area with which the tribe is traditionally and culturally affiliated.

The input of the Gabrielino-Tongva Tribe is important to the City of West Hollywood's planning process. Under AB 52, you have 30 days from receipt of this letter to respond in writing if you wish you consult on the proposed project. If you require any additional information or have any questions, please contact me at (323) 848-6891 or via e-mail at dpurificacion@weho.org. Thank you for your assistance.
