CITY ATTORNEY'S REPORT ON THE PARKS INITIATIVE: Mike Jenkins reported that on May 1, 1989, the City Clerk reported to the City Council that the Initiative petition restricting the use of City parks had qualified with over 10% but less than 15% of the signatures of the registered voters in West Hollywood which would require the Council to adopt the Ordinance as written or place it on the ballot at the next regular election, or, if they desire, call a special election. Prior to taking action, the Council had referred this to the City Attorney for a report on the validity of the Mr. Jenkins reported that he found the Ordinance proposed by the initiative to be an improper subject for the initiative on two grounds; One, that the Ordinance improperly binds the hands of this and future City Councils by eliminating the ordinary and inherent discretion that the City Council and future City Councils have in the disposition of public property, and the Ordinance proposes to restrict the disposition of park property in a manner that conflicts with comprehensive scheme of State which sets forth, and authorizes, various methods of disposing property by General Law Cities. Based on those two findings he has concluded that the Ordinance, if adopted, would be invalid. It would be invalid because it is beyond the ability of the City Council, or the people by way of initiative, to adopt and therefore falls within the exception of the normal rule that initiatives be placed on the ballot when they contain sufficient signatures; that exception being that an ordinance proposed by initiative need not be placed on the ballot where it is clearly invalid by virture of the fact that it contravenes State law. The City Council would, in City Attorney's view, have the prerogative to not place initiative on the ballot for April of 1990. The options now are to adopt the Ordinance as written, place on the ballot at the April, 1990 election, place on the ballot at a special election pior to April of 1990 or decline to place on the ballot on the grounds it is not a proper subject for the initiative. ACTION: Place the ballot at a special election in November. Direct the City Clerk to prepare the necessary documents to call the election. Albert second Koretz.

At this point in time Budd Kops and Tom Larkin of West Hollywood addressed the Council in favor of placing the initiative on the ballot.

AYES: Albert, Koretz, Schulte, Mayor Land

NOES: Heilman Motion carried.

8. PARK PROTECTION INITIATVE: Councilmember Heilman reported on this proposed City Council initiative. The following persons came forward to address the Council on this item:

ACTION: That City Council direct staff to take the steps necessary to schedule a special election for November 1989 and to place on the ballot the City Council sponsored ballot measure "An Ordinance Preserving and Protecting City Parks." Motion Heilman second Albert.

12. BOARD/COMMISSION COMMUNICATIONS: Mayor Land reported that the Council had received a request from one of the Boards to make a clarification on the proper channels of communication, which was generated by a letter written by the Women's Issues subcommittee to Richard Rosensweig, on City stationery, in answer to his letter to the Post Newspaper, regarding a position the subcommittee had taken in response to the City's involvement with the Playboy Jazz Concert in Plummer Park. It is policy that Boards and Commissions do not take this kind of action. This item is to clarify, for the Boards and Commissions, what kind of communications they should have and what are the proper channels, and how best to resolve issues that are in question.

Council discussion ensued in which various members expressed the opinion that everyone has a right to their opinion and a right to express that opinion, but a letter on City stationery conveys the impression that the opinion is one endorsed by the City.

At this point in time, Abby Leibman addressed the Council on this issue, asking for clarification as to content and form and when they would be free to communicate their views as a body.

ACTION: Refer to staff to draft guidelines, circulate them and get comments and return to the Council, with specific recommendations, for action in August. By consensus of the Council.
